# What is Puppy School?

*Got a new puppy and looking for fun,  
reward based training classes?*

Great news! You've come to the right place.

Puppy School is a UK nationwide puppy training and socialisation scheme and Puppy Tales has been proudly delivering these classes across Surrey, Hampshire and Berkshire for 15 years. In that time we have trained thousands of owners and their puppies.

This 6 week programme is jam packed full of training and socialisation tips, specifically designed to help young puppies grow into well behaved canine companions.

We look forward to meeting you and your puppy in class very soon.

# When can we start?

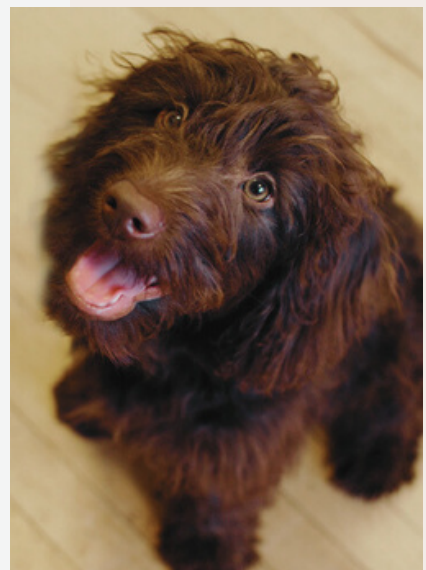

## *From 10 weeks of age*

The Puppy School syllabus is designed for young puppies aged 10-20 weeks. Puppies must be under 20 weeks of age at the start of their course.

## *Early socialisation is vital*

There is strong evidence to support the benefits that early socialisation has on puppy development. We are happy for puppies to join our classes before final vaccinations are complete. However, we advise all owners discuss this option with their veterinary practice for further guidance.

# What will my puppy learn?

— To be sociable around humans and other puppies

— To play with toys instead of nipping hands/feet/jumpers/slippers etc

— To greet people without jumping up

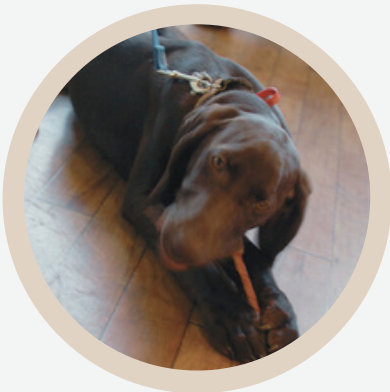

— To walk on lead without pulling

— To gently take food and not snatch treats

— Not to steal and guard items such as bones and toys

— To be comfortable at the vets and groomers

— To 'settle' and relax when asked

— To 'stay' when asked

— To 'come' when called

— To 'sit' and 'lie down' when asked
